Company:	Coastal Electric Cooperative						
Whom should I contact for more information?	Coastal Electric Customer Service Center: (800) 421-2343 Coastal Electric Co-op Green Power website: www.coastalemc.com/greenpower.aspx Address: Coastal Electric Cooperative P.O. Box 109. Midway, Georgia 31320-0109						
How will I be billed?	You will see an additional line item on your monthly bill for your Green Power purchase from Coastal Electric Cooperative.						
How will my bill be calculated?	All Coastal Electric members are eligible to purchase Green Power from Coastal Electric Cooperative on a "first come, first served" basis. Coastal Electric Green Power is available to members in blocks of 150 kWh for an additional fee of \$4.50 each month.						
How much will my total electricity service cost, including utility charges?	Based on a monthly average usage of 500 kWh and the purchase of one, 150 kWh Green Power block, the following table provides you an estimate of your 2008 monthly electricity bill. Your actual bill will vary based on your use of electricity. <table><tr><td>2008 Monthly Electricity Cost</td><td>\$ 57.50</td></tr><tr><td>Green Power Premium</td><td>\$ 4.50</td></tr><tr><td>Total:</td><td>\$ 62.00</td></tr></table>	2008 Monthly Electricity Cost	\$ 57.50	Green Power Premium	\$ 4.50	Total:	\$ 62.00
2008 Monthly Electricity Cost	\$ 57.50						
Green Power Premium	\$ 4.50						
Total:	\$ 62.00						

<p>Will my rates change over time?</p>	<p>The existing rate structure for your Coastal Electric Cooperative Green Power service is presently fixed and determined by Board action. Many factors control this cost however we feel it will only change when contract conditions change or new, more costly, renewable resources are added to the program in which case we would adjust the price to account for the increased price of the new generation.</p>
<p>What sources will be used in my certified product?</p>	<p>Please refer to the Product Content Label below.</p>
<p>If I want to terminate this agreement/ contract, what is the early termination fee?</p>	<p>There is <u>no cost</u> associated with terminating participation in Coastal Electric's Green Power program.</p>
<p>What length of agreement/ contract is required?</p>	<p>No contract is required.</p>
<p>What other fees might I be charged?</p>	<p>There are no other fees associated with participation in Coastal Electric's Green Power program.</p>

PROSPECTIVE (2010) PRODUCT CONTENT LABEL¹

The product is sold in blocks of 150 kilowatt-hours (kWh). The product will be made up of the following renewable resources.

Green-e Energy Certified New ² Renewables in Coastal Electric Cooperative Green Power Service Rider		Generation Location
-Biomass	100%	Fayette and Taylor Counties, Georgia
-Geothermal	0%	
-Eligible hydroelectric ³	0%	
-Solar	0%	
-Wind	0%	
TOTAL	100%	

1. These figures reflect the power that we have contracted to provide. Actual figures may vary according to resource availability. We will annually report to you the actual resource mix of the electricity you purchased during the preceding year.

2. New Renewables come from generation facilities that first began commercial operation on or after January 1, 1997.

3. Eligible hydroelectric facilities are defined in the Green-e Energy National Standard (http://www.green-e.org/getcert_restan.shtml) and include facilities certified by the Low Impact Hydropower Institute (LIHI) (www.lowimpacthydro.org); facilities that are run-of-the-river hydropower facilities with a total rated nameplate capacity equal to or less than 5 MW; and facilities comprised of a turbine in a pipeline or a turbine in an irrigation canal.

For comparison, the current average mix of resources supplying Coastal Electric Cooperative includes: Coal (27.8%), Nuclear (22.4%), Oil (0%), Natural Gas (4.6%), Hydroelectric (5.7%), and Other (39.5%).

The average home in the United States uses 900 kWh per month. [Source: U.S. EPA]
